Epilogue

Foreword

Fond memories and those not so fond; both are inevitable. The Pinea staff wishes to bring to you only the fond memories. Flip through the pages and reminisce. We have chosen "Music" as the central theme. As you are taken back through the years, the tunes popular in your high school years may bring back the atmosphere of the times. Often, melodies special to you bring back your own memories. By this theme we hope the boundaries of memories are extended to each individual.

In dedication to you, Mrs. Douglass

We, the seniors of 1971, dedicate this annual to you, Mrs. Douglass, for the time you have spent making us care to learn, for your sincere interest in each student, for your complete dedication to the field of mathematics, and for the respect and affection you hold for pupils. This is only a small way to show you how grateful we are, and we hope this expression will emphasize the credit you so richly deserve. As for Sparky and Sam, we love them, too.

$$y = \theta$$

$$\tan \phi = \frac{m_2 - m_1}{1 + m_1 m_2}$$

In Memoriam

As we live, we live with memories-- memories of things that have touches our lives in different ways. Just as the sad memories of death, there are happy ones that go along with them. The memory of Janis Joplin and Jimi Hendrix-- the beauty of their existence, the great talents they had, the love of having been a part of them-- will be with us for generations to come. They have left with us the part of life they enjoyed to the fullest-- Music and Laughter.

SENIORS

The times have changed . . .
We've accomplished much during
our years at BHS but now comes the
time for letting go . . . Our school days
are behind us . . . We have seen our last home-
coming, played our last basketball and football
games, and excitedly participated in our
last Miss Bunnell High contest . . .
Graduation leaves us a little
sadder but a little wiser.

A TIME FOR US —

Seniors

30 *Lento*

The President of the Senior Clan is none other than Mark Strickland. And

another one that you all should know is the Vice-President Larry Joe Buono. A secretary

plays an important part and Betty Steflik does it, with all her heart. Here comes Pam

McDaniel with the money in her hand she's the great treasurer for this Senior Clan. Watch

out for the reporter, she's a snooty little fright. You can guess that she is Lyna Knight.

The senior motto is "All Real Living Is Meeting." Everywhere one goes he should receive

a warm greeting. The senior flower is the yellow rose, let love and peace expand, like it

grows. The senior colors are blue and gold, let them shine forever, bright and bold.

Reflections of our lives

Reminiscing the past - the people - the events of our school years

In September, 1959, the 19 original, plus a few others who left along the way, started what was to be the longest but most rewarding journey of their lives. Those brave 19 were Tommy Bratcher, Minnie Deen, Douglas DuPont, Patricia Harding, Catherine Harris, David Higginbotham, Susan Higginbotham, Chip Johnston, John Jones, Lyna Knight, Becky Mercer, Sharon Pache, Greg Robertson, Kirk Robertson, Ray Smith, Betty Steflik, David Steflik, Mark Strickland, and Jay Townsend.

Our kindergarten teachers led us through the hard times of the introductory year. Ready to take on the world, we graduated into the first grade with many happy memories of our kindergarten days.

Learning to read, write, and count to 100, the first grade days were over sooner than we thought and we were destined to become second graders. From then on each teacher was glad to pass us on to the next. In our fourth year, Janet Scott joined the class. Along with fun and more work, in the fifth grade came another new friend, Marvin Clegg; in the sixth grade, Donna Rogers. After sixth grade with Mrs. Tonkin we finally made it - we were in Junior High!

With the excitement of being "Big Seventh Graders", we gained six new classmates from Flagler Beach - whom we labeled "The Beach Bums". But they quickly disproved their title and turned out to be "good guys" after all. These six were James Bryan, Leo Fleurie, Peggy Garrett, Pam McDaniel, Frank Parrish, and Vicky Perritt.

We passed into the eighth grade with new classes, new teachers, and most of all new friends - Larry Joe Buono, Sandra Harper, and Donald Pellicer. Filled with pride in earning first place in the Homecoming parade with our float "We'll Fight Before We Lose" we rushed headlong into high school.

Stan Barnes and Susan Hall joined us in our Freshman year. We were faced with the decision of picking our motto, flower, and colors. Just three more years - graduation wasn't too far off!

Our Sophomore year gave us a few lessons in dissecting animals as we took biology under the strict supervision of Mrs. Gurnee. This year also a happy one as we gained 15 more friends - James Hall, John Harrison, Sylvia Jackson, Gloria Johnson, Norma Maner, Grady Prather, Mary Alice Robinson, Ulysses Thomas, James Walker, and Mather Lee Williams. Once again our Homecoming float "Beware of Bulldogs" took first place in the parade.

At last we were Juniors! What a hectic year! Diane Wilder and Sue Wessel-dine came to share it with us. Things started rolling. First our magazine drive, with everyone trying to win the most "Dream Pets", Homecoming again, and finally our class rings arrived. What a proud group of Juniors we were. Eagerly awaiting the coming year, it was with pride and anticipation that we were promoted to the twelfth grade.

SENIORS! The word never looked or sounded as good as it does now. We had, at long last, reached the end of our journey.

Homecoming came and went. Of course our float "Ram the Commodores" won first place, and Mary Alice Robinson was crowned Homecoming Queen.

On February 13, the annual Miss Bunnell High Contest was held and a senior, Miss Elayne Tucker, was crowned.

On June 4, 1971, 48 misty-eyed seniors walked down the aisle to receive their diplomas and become proud alumni of dear ole Bunnell High.

Broad grins, despite a snagged tooth, convinced our teachers that we could meet the challenges of the world . . . talented second graders, solemn and proud . . . who knows what evil lurks in the hearts of second graders . . . third grade got off to a good start with our smash hit "Alice in Wonderland"

Aren't we a cute bunch of sixth graders? . . . and so dramatic! . . . never knew Donna was so strong . . . just another Burnell Hick . . . the latest fashion?!? . . . Cousin It!, or maybe its Vicky . . . we've been drafted! . . . I want to sell you a flower . . . cockroach races are so exciting . . . the faces of innocence . . . Bring on the troops! I'll challenge anybody!

You must have been a beautiful baby

Who's Who among American high school students

Six students from the senior class were chosen by the faculty to have their biographies published in the fifth annual edition of MERIT'S WHO'S WHO AMONG AMERICAN HIGH SCHOOL STUDENTS, 1970-71. Those honored with the selection were Marvin Clegg, Susan Hall, Catherine Harris, Betty Steflik, Mark Strickland, and Elayne Tucker. MERIT'S WHO'S WHO AMONG AMERICAN HIGH SCHOOL STUDENTS is an annual publication and is the largest in the field of student recognition books. The purpose is to publicize and recognize the positive achievements of the nation's outstanding youth. These students earned this honor because of their achievements in a highly competitive field--less than 2.5% of the junior and senior students from the nation's 23,000 public, private and parochial high schools are selected for this award. They are also eligible for one of ten \$600 scholarship awards sponsored by The Merit Publishing Company Scholarship Foundation.

Outstanding teenagers of American high schools

Marvin Clegg, Susan Hall, Catherine Harris, Greg Robertson, and Jay Townsend were selected from Bunnell High School as Outstanding Teenagers of America. These students, all seniors, have distinguished themselves in leadership, community and school service, extracurricular and religious activities, scholarship, and sports. The program is sponsored by the Outstanding Americans Foundation, which recognizes and encourages outstanding young people.

Boys' State

Selected by the local American Legion Post, Ray Smith, Mark Strickland, and Jim Bryan traveled to the state capitol in Tallahassee to attend Boys' State. From June 21 through the 27, these seniors listened to lectures from officials, learned how our system of government is run in Florida and gained a real insight to its various functions. Also, they had an opportunity to divide into counties and run elections for every office from mayor to governor. Friday, the last day of the symposium, the boys attending were involved in running the state's affairs in the capitol—a truly great experience and discernment to the operation of our laws.

Betty Crocker award

Betty Crocker Homemaker of Tomorrow, Minnie Deen, a senior, was selected for her performance in a written knowledge and attitude examination administered to all senior girls of Bunnell High School. She received a specially designed award from General Mills, sponsor of the annual education program. She was also eligible for state and national honors, including one of 102 college scholarships totaling \$110,000. The Betty Crocker Search for the American Homemaker of Tomorrow is the only national scholarship program exclusively for high school senior girls. General Mills began the program in 1954-55 to emphasize the importance of homemaking as a career. This year's enrollment of over one half million brings total participation since its inception to almost seven and three quarters million.

ABC writing contest

These Bunnell High School seniors were successful in the national contest held last year by The Educational ABC's of Industry and received prizes. Vicky Perritt, left, who received a \$1 check for handwriting and Elayne Tucker, who received \$6, show their prizes to Mrs. Webb Brooks, BHS teacher. Lila Allen Henry also received \$2.50 for a handwriting entry. The school received a \$10 check.

Day's Log — Earthdate 1971, Mission: Seeking out strange, weird, happenings of BHS Seniors

11:00 P.M.	It's eleven o'clock, do you know where your children are? Parents of 48 Seniors give up the endless wait and go to bed.	11:32	Tommy, Donald, Larry Joe, and David all head for the same parking space. Whoooops! Looks like they all made it!
11:15	A few are having nightmares.	11:40	Fifteen minutes left to sun, unless homeroom is omitted, which is being considered by four Senior Girls. Four Senior Girls are discussing bringing their bikinis tomorrow.
11:45	Lyna cruises uptown to see if there's any action. (Flagler Beach does get pretty exciting sometimes, really!)	11:45	Douglas beats the bus to school by two minutes and must spend the remaining time impatiently circling the school until that certain someone arrives.
11:60	This sounds better than 12, that fateful hour to 22 Senior girls who haven't made it in yet.	11:47	The Mary Karl bus finally arrives. Susan and Becky stumble off, mopping their foreheads with relief. 'Shoulda' seen that ditch we jumped today!'
12:30	Two of them are taking a midnight dip in the Atlantic.	12:06	After lunch the teachers seem refreshed and willing to face the 'savages'. Hmmmmm. Sure do wonder what goes on in that teachers lounge during lunch!
12:42	Jim B. goes diving and gets bit by a turtle.	12:30	Kirk has a minor speech impediment but as soon as he leaves Trig class he'll be fine.
1:29	Mike is sitting, smugly, at a corner table in Wolf's . . . working out brainteasers??	12:37	Lyna, this period is for Trig, not writing poems.
1:35	The Kid (Cool Breeze) strolls into Nay's Place with 2 girls on his left and 3 on his right.	12:50	Why is everybody getting up and leaving Mrs. Douglass' class?
1:50	Diane finally finishes that 1,000-page novel she started this afternoon and rolls over for 40 winks.	1:29	Across the campus in English 12, Greg, Kirk, and Jay are engaged in their everlasting hassle with Mrs. Park. These are the times that try Mrs. Park's soul.
2:20	Deloris and Cookie and Dent and Monroe are still roaming the streets of Bunnell. Maybe they lost something?	1:32	Susan and Becky are unraveling another hair-raising story about their daily adventures at Mary Karl to the Typing II class.
2:42	Grady goes fishing after that turtle that bit Jim.	2:02	Mr. O. gently cajoles the seniors to play. They all plead a severe case of Senioritis.
3:06	James W., Mary Alice, and Sylvia arrive at Wolf's - search their pockets in vain - and end up standing outside bullskating.	2:10	Catherine recovers long enough to reveal to us her great talent . . .
3:49	Leo wakes up John J. to go hunting. (Uh huh, boys, we know)	2:25	James H. is making funny faces at the student conductor, again!
4:14	Among other unusual souvenirs, Vicky manages to add to her sack of trinkets an authentic speeding ticket from the World's Most Famous Beach.	2:30	Cat, the band isn't playing "Take Somnax Tonight and Sleep".
4:42	Mary Jane is serenading her household. "Turn over and quit snoring," comes an anguished cry from the next room.	2:45	All seniors are trying to convince their teacher that the bell has rung.
4:43	Ray and his date are enjoying those gripping scenes, but not at the drive-in!	2:46	A couple have already sneaked out and are in their car.
5:15	Didn't know the gym opened this early, guys. Ulysses and Dwight refuse to give up on that super-duper, jump-hook shot.	2:47	A couple are already gone!! (including one yellow Buick)
5:30	Most farm boys are up about now to slop the hogs and milk the cows. Our boy, Mark, however is up bright and early, ambitiously shining his big, green bird and feeding it all the nutritional things he knows are good for a Roadrunner.	3:14	Betty is still roaming Buick parking lot trying to bum a ride. The yellow Buick has left her again.
6:21	Mary Jane calls up Ralph and pleads for the Camaro.	4:14	Susan Hall is still in the parking lot trying to figure out how to drive that confounded little red car. She's already 42 minutes late for work.
6:28	Pam awakes and realizes Cat isn't there. She finds her sleep-walking across the bridge, headed for another early morning dip, mumbling, "Gonna get some sleep, Pam, so sleepy."	4:34	Su and Benjie are feeding the farm animals. That is Benjie feeding them. Su is dodging the pigs and cows. "Benjie!!"
7:01	All teachers are getting up to take their "mean pills" and razor blades.	5:40	The beach kids are getting bored, so Donna entertains with her famous fly routine.
6:30	This is wishful thinking to John H. who rolls over and goes back to sleep.	5:55	We have a message for Larry Joe from Trish: "If you fly by night, you gotta pay by day!"
8:30	Mrs. Park has had to give up taking roll until all the Seniors finally decide to make their excursion into homeroom. Mrs. Whitney's job is hard enough without having to type all those names!!	6:07	Peggy, the Sunshine Girl, strolls down to the beach to soak up some sun, sand, and surf.
8:36	Minnie strolls chically into homeroom modeling another exotic fashion.	6:32	Greg, Kirk, and Jay are still working out in the weight room. Didn't know weight lifting was that interesting! (must be that calendar, but bet it's not the days they're looking at)
9:15	Sher and Stan compare split ends.	7:00	Norma keeps her date with "Lucy".
9:36	"Bbrrriinnngg." (Well, more like "tinkle, tinkle"). 48 Seniors are released from their First Period Cell. Look out! Here comes Catherine, 90 mph.	7:31	Now we know where the football boys get their plays (36-24-36-Hike!)
9:45	Frank and Mark wreak their vengeance on each other in various ways (pinching, hitting, stabbing, etc.)	8:13	Michaelangelo Graham makes it back up to Wolf's.
10:45	John J., David S., and Stan turn study hall into an Animal Farm. Mrs. Broadway hunted that lizard for two days!	8:30	Susan starts worrying about getting her little red car back home. ("Maybe if I go slow, I won't have to use 3rd gear.")
10:48	And it's a race between the "frames" and the "bleeps" as Michael skillfully operates the projector.	8:42	Calvester is displaying his marvelous talent at playing guitar, boxing, dancing, and losing snare drums all at the same time.
10:50	Sandra sits in a certain desk under a certain vent (oops, forgot, it's raining today).	9:11	Leo, Grady, and Jim team up to get that turtle.
10:59	"Marvin, you look good today", comments Donna.	9:34	David H. takes his dog on a sightseeing tour of Bunnell.
11:11	Tricia passes Sher the Touch of Sweden.	10:06	Would you believe 2 whole Seniors have opened their books?
11:25	The mad race to the lunchroom begins -- Seniors crowd; Seniors take a peek at today's lunch; Seniors quietly leave.	10:07	Playboy books, that is.
11:30	Who knows what goes on "out in the field" as the Flagler County hippies huddle in a circle. Yoga Maybe?	10:59	Forty-eight Seniors turn in for a little sleep --- not because they want to, but from sheer exhaustion.

School Board adopts five-year school center plan

The Flagler County School Board met in a special session Tuesday, January 26, with fifteen members of the Advisory Committee in attendance. A school center plan was adopted for the next five years. The present site of Bunnell High School will be the central site of grades Kindergarten through 12 with the exception of grade one which will be at Flagler Beach

School. The Elementary No. 2 School site will be used for shops, administrative housing, and adult educational programs. The board attorney was directed to acquire title to a site of state property in the northeast section of Flagler County. It was understood that this site might be used at some future date in making a trade for a more centralized school site.

Principal encourages students to work toward high goals of achievement

The end of the present school year is here. The Senior Class of 1971 has graduated. They will be faced with the many responsibilities of life while many other students will return to school next year.

Regardless of our location and experiences in the future, we will all cherish memories of the 1970-1971 School Year at Bunnell High. I'm sure that the Pinea will be a VIVID reminder of those memories.

I sincerely wish for each and every student the best that life has to offer.

Sincerely,

Flagler County faculty holds "charette" for new school plans

The Flagler County faculty met with 18 Department of Education specialists February 16 and 17 in an "Educational Specifications Charette". For those two days teachers discussed, made requests, and wrote down specifications for the facilities and programs that would need to be met and carried out when the new school is built. All of this was the first step in the plans for a new school. Incidentally, the student body greatly enjoyed the two days off.

Magazine salesmen entice Flagler Countians

During the fourth week of September, the Junior Class worked hard to make their annual magazine sale a success. Although they didn't exceed the Class of 1971, they made a fair showing in sales which totaled to \$891.65. These ambitious students received stuffed animals and cash prizes for their efforts. Top salesman was Helene Bryan with a total of \$163.11; Ruth Hunter took second place with \$122.90; third place, Denise Tucker, \$108.15. Also working hard was Slyvia King, \$92.40; Theresa Pellicer, \$76.41; Karen Clegg, \$65.96; Ken Tucker, \$57.06; Lee Carol Baker, \$42; Nancy Creal, \$35; and Pattie Meekins with \$27.

Things are beginning to look brighter as we have now halfway completed our journey. This year's experience moves us one more rung up the ladder -- now the road to '73 doesn't look quite so distant. From the chaos of beginning the second year of high school, the Sophomores emerged with organized maturity.

Anxiously, they await their time to be Juniors.

The president of the 10th grade is Chris Higginbotham. Simple reason, she's friendly

and everyone's chum. Vice-president is none other than Beth Wilder. No she's not as her name

suggests but is much milder. As secretary with pen and notebook in her hand, Barbara Cowart is the

best one to be found in this land. Yes, Connie McDaniel landed treasurer for her job. No need

to worry, it's beneath her to rob. "Knowledge is second best; love is first." It appears as

though Cupid will not do his worst. The Sophomores chose the earth colors, gold and green.

The thought of the two together makes one imagine something clean. Why did you choose

a white mum? We happened to ask. Because the flower radiates beauty without seeming a task.

Just as important as the layouts and copy sheets, is the preparation and packaging of the '71 Pinea before it goes to press.

Conscience of the student body pursues to attain beneficial goals

The purpose of the Student Council is to strengthen the relationship between the students and the administration and to have coordination of efforts for a better school atmosphere. The election of yearly officers by ballot vote gave the students an opportunity to participate in and observe the mechanics of our democratic political system. The knowl-edge and experience of leadership for tomorrow is obtained through participation in the council.

The main purpose of the Flagler County Student Advisory Committee is to give opinions as to how funds appropriated to Flagler County Schools should be spent. If any problems arise among the students, the committee endeavors to ease difficulties in various ways (talking to students, setting examples of good social conduct,

and trying to keep things running smoothly, etc.). The committee works in co-operation with the Assistant Principal of Bunnell High, who selected them. Representing a cross-section of the student body, the committee consists of students in grades 9-12 who reside in various parts of the county.

The "It's Academic" team of Bunnell High was selected through a preliminary tryout in September at the WFGA-TV Channel 12 studio in Jacksonville. During the year the team contended with other area high school teams in a question and answer quiz similar to the College Bowl. The team took the victory because they were able to recall quicker and outwit their opponents. Topics for the questions that were asked came from the fields of chemistry, social studies, mathematics, art, and English literature.

Audio-Visual Club aids teachers in developing techniques for better learning

The Audio-Visual Club is a new organization on campus and was activated in early December. It is designed to help teachers get more use from audio-visual equipment, as well as to give students a background in teaching, electronics, library research, and program production. The members of this club will produce television recordings on various subjects for elementary and high school teachers' use

in the classroom, increase teachers' understanding of the use of audio-visual equipment, study and devise new and more practical means of using television as an educational medium. The club has recorded special programs telecast on the air and played them back in the classroom at the teacher's requested time. Also, an intercom had been installed between the AV room and the office.

During the last two months of the school year, the AV club with the assistance of the physics class prepared several television programs for the enjoyment of the students during the homeroom periods. Beginning with BHS Brainstorm, a game similar to College Bowl, the club filmed assorted skits and commercials. The titles of some of these famous flicks are "Physics Follies", "The Farkle Family", "Edge of Insanity" -- a soap opera, and "This is Your Life" -- of Sam Clean, garbage collector. All were timely, witty and entertaining.

“The Paper” contributed to the enlightening of students through a thoughtful and witty newspaper

At the beginning of the school year, “The Paper” was born on the campus of Bunnell High. Composed of the English 13 classes under the supervision of Mrs. Frieda Park, the school paper likened its style to the traditional newspaper format unlike former magazine editions. Without any previous experience, the students made a great effort to place their right foot forward to prepare a successful newspaper. The first issue appeared in October -- “If you put your nose to the grindstone and your ear to the ground you will reap what you sow.” The six issues that were published this year contained interesting and timely news articles for the enjoyment of each individual BHS student. Choosing relevant and comprehensive topics to the school conditions, the reporters have endeavored to create an awareness of the relationship between the student and the school. To obtain a broader insight of the process of editing and printing of a newspaper, the staff visited the newspaper plants at the local Flagler Tribune and the Daytona Beach News-Journal.

Superintendent Expresses His Opinions

Mr. James O. Craig, Superintendent of Flagler County Schools, stated his opinion on the new school divisions, "It was all we could do, under the circumstances. There was no choice since one-third of the classrooms were destroyed in the fire." He also stated that, "It is pretty good, for being so bad."

The enrollment of the complete school district at the present time is 1,105, this is a 50 student drop from the year of last year. Sup't. Craig also stated that some of the courses at Bunnell High School, such as Agriculture, had been dropped from the curriculum because of the fire. Requirements for Agriculture were dropped because of the fire. There was no teacher.

Mr. Craig discussed certain problems resulting from the fire. It was estimated that several thousand dollars worth of damage to equipment, alone, had been done. Building plans for the new building are unsettled. An architect indicated it would be bad, economically, to build the main building.

In closing his discussion, Mr. Craig stated, "I have the greatest gratitude to teachers and students for their reasonably good procedures in the new year."

Annual Ads Drive Successful

Nine different groups of senior students covered Palatka, Bunnell, Flagler Beach, Daytona Beach, and St. Augustine for annual advertising. All seniors participated. It was a successful drive but it will be necessary to sell more ads for colored pictures.

Editor Betty Steflik and Co-editor Lyna Knight are hard at work on the annual. Assisting them are Susan Hall as advertising editor and Donna Rogers as business manager.

athletics

Athletics play a great role in high school life. Football season came into full swing with long, hot practices; a lot of fun; and for some, the haircuts. In the winter, sports life is centered indoors. Basketball games became the center of school life. The athletes worked long and hard. Their efforts resulted in much enjoyable entertainment and thrill for Bulldogs fans.

Prestige of varsity Bulldogs enhanced during the 1970 season

At the beginning of the season the team set its first goal for this year to win just one game. Last year the Bulldogs did not win a single game and they realized they had a lot of hard work ahead.

Varsity coaches create new era for Bulldogs

Varsity head football coach for the successful 1970 season was Bill Zeiss. Before coming to Bunnell High he coached football for three years at Pompano Beach and at Frostproof one year. Coach Zeiss is a native Floridian -- he attended high school in Fort Lauderdale -- received his BS degree in physical education at Florida Atlantic University. He played tackle and end on the football squad when he attended the University of Miami in Coral Gables.

Assistant to Coach Zeiss and offensive line coach for the varsity was Rick Wagar. This is his third year of coaching, previously he held the same position at Pompano Beach. Coach Wagar went to high school at Stranahan High School in Fort Lauderdale. He attended college at Western Carolina University, where he obtained his BS degree in physical education and was an end on the football team there.

After losing the first game of the season to Umatilla, the Bulldogs achieved their goal defeating Sanford Naval Academy. They went on to win five more games to finish with a 6-4 season. This was the first time since 1964, when the Bulldogs won the Conference Championship, that Bunnell has finished with a winning season. It was a great year! The team was honored by participating in the Potato Bowl in Hastings and was Runner-up in the Conference. For the fans, who had been disappointed so many times in the past, it was a truly satisfying season. It took a lot of hard work on both the part of the coaches and the players but they were rewarded in having the important satisfaction of being successful. In their case, success was being winners. Ray Smith, a senior player, perhaps summed it up best in one sentence in his speech at the football banquet, "I'll remember it for a long time."

Varsity basketball team performance—the acme of superior athletic talent

The 1970-71 Varsity Basketball team under the adept coaching of Jack Hardin had undoubtedly been more superior in comparison to the last several seasons. With all the tenacity characteristic to bulldogs, they fought their way to take the District 9 Class C title and placed second in the Crown Three Crown. Throughout the season the members have shown tremendous athletic prowess, skillful ballhandling, and dexterous maneuverability on the court. In all of Bunnell's thirty games they have remained consistent and accurate in scoring and rebounding.

Completing the season with a 22-5 record, we can say without hesitation that this has brought spirit and pride back to BHS.

Open your eyes Jabo, it's Coach Hardin . . . is this the way you do it, Coach? . . . time-out I want to dance with you . . . hey Herman, you're supposed to be on our side! . . .

Bunnell was edged out in the final seconds to lose the Region Three Crown to Clearwater Central Catholic in Trenton March 6. The Bulldogs trailed at halftime but went ahead in the third period only to fall behind again as Central Catholic shot 83 percent from the free throw line to earn a berth in the state championship playoff at Jacksonville. The defeat ended the season for the Bulldogs with 22-5 record. After the game the team was presented the Regional Runnerup Trophy.

Is everybody ready? . . . catch me if you can . . .

The basketball season for the girls team is over, but it was a great season. The girls have a reputation of being tough, and anyone who has seen any of their games is sure to agree. The strong coaching of Miss Bradley has led the basketball team through many a tough time. The only sad moment of the year was when we played Hastings. When they came here to Bunnell we showed them who was boss by winning 43-29. However, the only game lost was in Hastings with the score 33-35. It was a heart-breaking game, but it couldn't break the spirit of the mighty Bulldogs. The next game was with Green Cove and we came back strong for a sweet victory. The girls team consists of only seniors and eleven sophomores. They finished the season with a record of seventeen wins and one loss. The girls had only 590 points scored against them and they scored a total of 1089 points. The mighty Bulldogs have had only two losses in the past three years. This team has gone a long way with many very proud moments. Along with Miss Bradley, Miss McClure has shared all of them. She is part of the team, just like the girls playing. She plays the game in her heart while she keeps the book. Miss Bradley and Miss McClure are the strong backbones of this great team. We are very lucky to have such a pair.

Awards bestowed upon deserving basketball girls at banquet

The Girls Basketball Team held their banquet February 22 in the home economics room. The girls ended their season as All Conference champs, with a record of 19-2. Mr. and Mrs. Clifford Higginbotham and Mr. and Mrs. Buddy Wadsworth helped prepare an interesting and delicious dinner of fried shrimp, baked potato, cole slaw, and cake. It took the whole team to win the games they did; therefore, the entire team was rewarded by receiving letters. However, there were some outstanding players who were recognized by receiving trophies.

The team voted for the "Most Valuable Player". This coveted award was received by Dot Jenkins, who played 75 quarters. The "Best All Around" award went to Pat Johnson. Judy Williams received the "Best Free Throw Percentage" award with her overall percentage being 50%. She also played 75 quarters. The two players receiving the "Most Improved" award were Susan Higginbotham and Cherry Wadsworth. The "Rebound" award went to Mary Jo Bryant who had 141 rebounds in the season. The "Best Field Goal Percentage" trophy was awarded to Dot Jenkins. Dot made 54% of all her field shots in the season. The banquet was considered a great success. It marked the ending of a great basketball year for girls of BHS.

ACTIVITIES

Activities range far and wide at Bunnell High. Homecoming keeps everyone BUSY working on floats. The majorettes practice long hours preparing the halftime shows at football games. The DBJC Band entertains us with their contemporary and popular arrangements. Come February, excitement permeates the air as the Miss BHS Contest approaches. The greatest thrill comes in the Spring - -prom, and graduation, and the realization that not a moment has been wasted at BHS.

Yahoos and dudes get their "kicks" in donkey basketball game

Tuesday, April 6, the Bunnell High School Gymnasium was the site of one of the most hilarious festivities at the school this year. Sponsored by the senior class, the Donkey Basketball game was a "sight to behold" as students and faculty attempted to display their skill in burro riding. The entertainment began with Theresa Pellicer, Denise Tucker, Mary Jane Bryant, and Deloris Gillyard trying to get to the center court while being bucked by ram-bunctious little wooden donkeys. They were followed by Pam McDaniel and Catherine Harris who raced to the end of the gym and back to pick up the prize of a dollar which lay on the floor.

Next the pros went into action--the senior boys and male faculty flew and were flipped about the court; seniors definitely the victors as the score ended 6-0. In the second half the girls displayed their charms over the mischievous donkeys--maybe they knew some kind of female trickery. The event was well received as the spectators applauded and laughed hysterically while they watched the funny stunts of the donkeys. The proceeds were used for the Junior-Senior Prom.

Looks like a fine line-up . . . And they're off! . . . Bottoms up . . . Ditto . . . Mr. O. rides with the greatest of ease . . . Will somebody give me a hand? . . . Is everybody ready? . . . Dig it, Deloris . . . Don't walk Connie, ride!

Sacrifice of Commodore placates student body

BHS homecoming parade — a grandiose exhibition of students talents

Friday afternoon the Homecoming parade began with the Biggest Little Band in Dixie . . . First place rightfully went to the seniors for their float "Ram the Commodores" . . . The candidates for Homecoming Queen looked lovely on the junior class float entitled "Bulldog Beauties" . . . The football boys just had to get into the parade this year . . . The report card of the eighth grade failed the Commodores but won first place in the car division . . . Beta Club car driven by James Bryan . . . Student council car driven by Leonard King.

And the band marched on . . . Let's have a Swingin' Victory, sponsored by the tenth grade . . . Sink Em', sponsored by the ninth grade . . . FHA sez "Drown the Commodores" . . . FTA car driven by Denise Tucker . . . The "Suzy Q's", future BHS majorettes? . . . This year the Bunnell Timber Company sponsored a float.

Prodigious Bulldogs annihilate opponents in triumphant homecoming victory

The homecoming game proved to be a thrill to every Bulldog fan. During halftime the Bulldogs took to the sidelines to become part of the anxious crowd, waiting to hear the announcement. Who was going to be our next Homecoming Queen? The candidates were Susan Higginbotham escorted by Ray Smith; Pam McDaniel escorted by Mark Strickland; Mary A. Robinson escorted by Dwight Golden; and Elayne Tucker escorted by Kirk Robertson. They were followed by the crown bearer, Charles Bemby, and the flower girl, Sherry Foster. They made a very distinguished looking court and only waited a few seconds to hear that Mary A. Robinson was to reign.

Here come the Bulldogs . . . Heads we win, tails you lose . . . That was my quarter, no it was mine . . . I'll race you to the concession stand . . . You tackle him, I did it last time . . . Wake up, Donald . . . Congratulations boys, you played a fine game.

Elayne Tucker reigns as Miss Bunnell High 1971 in the 14th annual contest

Elayne Tucker was crowned Miss Bunnell High Saturday, February 13. She was presented her crown and trophy by Greg Robertson with the final touch being a kiss. The crowd applauded vigorously with the judges selection of Miss BHS and her court.

All agreed that the judges had a difficult choice. The ten finalists and their sponsors were Helene Bryan - Cook's Sundries; Karen Clegg - Flagler Chiropractic Clinic; Mary Cook - Bunnell Gulf; Susan Hall - Ocean Palm Country Club; Catherine Harris - Harris Appliance; Becky Mercer Branham's IGA; Vicky Perritt - Harbor Inn; Betty Steflik - Super Test Gas; Elayne Tucker - Cattlemen's Association; Stella Weaver - Flagler Woman's Club. After answering a question before the judges the 10 finalists took their seats while the judges left to make the final decision. The MC, Mr. Bill Zeiss, announced that the contestants had each voted for Miss Congeniality and their selection was Elayne Tucker.

While the judges were in conference the Beta Club, who sponsored the contest, had discovered some talented performers.

Mrs. Odell Clegg sang "There She Is, Miss Bunnell High" as Elayne was being crowned.

Senior-Junior Prom — a wonderland of scintillating dancers

The 1971 Senior-Junior Prom was held at the Desert Inn, Daytona Beach, on April 30. This was a first for Bunnell High! More than 50 couples crowded the dance floor as music resounded throughout the ballroom. "The Wooden Spoon", an Orlando rock band, provided "heavy" sounds for all to enjoy. The individual tables were decorated with garlands of yellow roses centered with blue candles. At the "Stroke of 12", couples formed a line to enjoy an excellent breakfast--a perfect ending for a most perfect evening.
